

Space:

It is the vast expanse beyond planet Earth, containing stars, planets, moons, and galaxies.

To reach and explore this vast realm, we use launch vehicles.

My name:

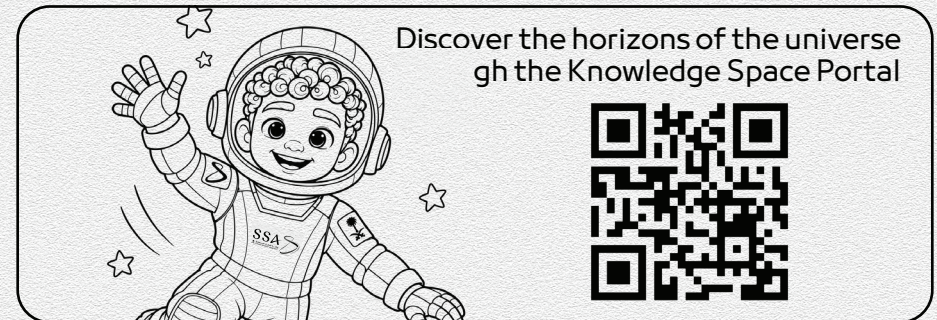

World Space Week:

Every year, the world celebrates World Space Week from 4 to 10 October to learn about the importance of space and how it contributes to improving our lives on Earth, and to inspire children and young people to explore the world of space.

Saudi Space Agency:

The Saudi Space Agency works to realize Saudi Vision 2030 of becoming a leading global hub in the space sector by supporting innovation and space exploration, strengthening international cooperation, developing national capabilities, and creating an enabling environment for investment and innovation in space sciences.
